Band 3	Red			7:35	7:45 - 2	8:15	8:30		
FINALS AWARDS							9:00		

¹ **There will be one area for Prelims Movement Warm Up.** That will be the grass practice field next to the lot where we park most of the bands on the north end of campus. The marching grid that was at the end of that lot has been completely lost due to the construction on our new middle school. I sincerely apologize for this inconvenience, but I know that most of you will do most of your movement warm up in the lot, anyway. If it rains substantially the previous week, we may need to make the grass field off limits since it floods horribly with just a few days of rain. In that case, the lots will have to do for movement warmup. To see how the construction might impact things that day, the current Google Maps image for “reeds spring high school” is pretty close to where things stand. Besides losing the asphalt marching area, things really won’t be much different than in the past.

² **Prelims Music Warm Up will take place on the lawns in front of the high school building.** You will have 30 minutes to do a playing warm up in front of the high school. Please be sure to face away from the school (toward the highway in front of the building).

³ **Finals music warm up will also take place on the lawns in front of the building.** If you want to do a movement warm up, you are welcome to use the grass practice field any time before your escorts come to get you for music warm up. Please just be considerate of others who may want to do a movement warm up in that area. You are also welcome to use the lot. It should be a bit more open

* **The top scoring band in Prelims division C, the top two scorers in Prelims divisions A and D, and the top four in Prelims division B will perform in Finals.** Division A and B bands will perform in the White Finals division; C and D bands will perform in the Red division. Due to half or more of each Prelims class advancing to Finals, we will have only one “wild card” band for Finals. That will be the band with the next highest score from the entire field. If the wildcard is in the White division, the break will be a 7:45 and if the wildcard is in the Red division, the break will be at 7:30.
