| FINALS AWARDS | | | | | | 10:00 | | | |

¹ There will be one area for Prelims Movement Warm Up. That will be the grass practice field next to the lot where we park most of the bands on the north end of campus. The marching grid that was at the end of that lot no longer exists, so we will use it for parking. Since parking will be less crowded, there will be more lot space to do movement work; please just be considerate of others as you work. If it rains substantially the previous week, we may need to make the grass field off limits since it floods horribly with just a few days of rain. In that case, the lots will have to do for movement warm up.

² Prelims Music Warm Up will take place on the lawns in front of the middle and high school buildings. You will have 30 minutes to do a playing warm up on the front lawns. Please be sure to face away from the school (toward the highway in front of the building).

³ Finals music warm up will also take place on the lawns in front of the building. If you want to do a movement warm up, you are welcome to use the grass practice field any time before your escorts come to get you for music warm up. Please just be considerate of others who may want to do a movement warm up in that area. You are also welcome to use the lot. It should be a bit more open.

* The top three scoring bands in Prelims divisions A and B and the top four in Prelims division C and top two in Prelims division D will perform in Finals. (In other words, the top scoring half of each Prelims division automatically advances to Finals.) Classes A and B will draw for White Band division slots and classes C and D will draw for Red Band division slots. The next highest scoring band in A and B divisions combined will serve as the White division "wild card" and the same will be true for the next highest scoring band in divisions C and D for the Red division wild card. Thirteen bands asked for the wild cards to be instated and only one band wished not to have them.

**** These four bands are competing at Branson in the USBands festival.** They have been scheduled at OMMF so that they can get packed up, on the road, and to OMMF in time to eat a quick lunch and get into the warm up cycle.

I have also switched Northwest and Nevada, both for scheduling issues with outside events. Mt. Vernon has been deleted from the schedule; we will still take the top four bands from class C and will still have a Red division wild card.
