

Palen Percussion Preview

Sept 16, 2017

Missouri

Non-competitive drumline festival with world-class clinicians focused on groups of all sizes and ability levels!

Each group receives a performance slot, a 20-minute clinic, and then a private meeting for the director to visit with a clinician. No uniforms...no scores...no marching...just valuable input for each group as they prepare for the competitive marching season ahead. We hope you enjoy the Palen Percussion Preview!
